

data science

with Kevin Hussain Hassnain

Resources from our Speaker

Continued Learning

- Kaggle Competitions
 - Crowd source platform to attract, nurture, train and challenge data scientists from all around the world to solve data science, machine learning and predictive analytics problems
- Online Learning Portals: Data Camp
 - Learn data science at your own pace from real world examples
- Online Certificate Programs
 - MIT Certificate Program: Data
 - Science & Big Data Analytics
 - <https://learn-xpro.mit.edu/data-science>
 - DOJO: Data Science & Data Engineering
 - <https://datasciencedojo.com/>
- Annual Conferences
 - Example: Predictive Analytics Workshop
 - <https://www.predictiveanalyticsworld.com/machinelearningweek/workshops/predictive-analytics-applied-an-online-introduction/>
 - Industry led experts provide pertinent trainings and discuss new trends and discoveries in Data Science
 - Students can get full scholarships or super discounted rates!!

Additional Resources

- [Structured vs. Unstructured Data](#)
- [Data Jujitsu](#)
- [How to become a Data Scientist?](#)
- [DataCamp: Learn Data Science with Python Certificate Program](#)
- [KAGGLE: Intro to Data Science - Step by Step guide to explore Titanic Exercise](#)
- [Harvard Business Review: Outlook of Data Science in the Future](#)
